Green Tourism ECO-LODGE

In the southwest of the island, at 350/400m in altitude, Chamarel is surrounded by the natural park of the Black River gorges, a protected natural heritage site. In this region, the World Wildlife Society has managed to save several species from extinction like the kestrel, the pink pigeon, and the green parrot.

***Lakaz Chamarel Exclusive Lodge** is a small boutique Lodge' or 'boutique hotel', unique and refined in the heart of a splendid tropical garden of twelve hectares and surrounded by the mountains of Chamarel. It is situated 50mn from the airport, 1h from the capital Port-Louis, 10 to 15mn from the most beautiful beaches on the island like the Morne and Baie du Cap and 10 to 15mn from the small coastal villages of Black River and La Gaulette where you will find supermarkets and shopping centers.*

Refined local gastronomy, nature and authenticity, harmony and refinement, comfort, and savoir-vivre ...

An ideal place, which we would like to keep secret, to savor the happiness of silence, of serenity, enhanced with a yoga session or a sauna followed by a good massage with essential oils ...

Lakaz Chamarel is a pearl among the top hotels of the destination which guarantees exclusivity and serenity to nature and green tourism lovers!

The architecture blends into this almost untouched nature: 3 standard rooms, 4 Suites overlooking a swimming pool, 8 Mountain and Garden Pool Suites with their private swimming pools, 5 sea View suites, including our Exclusive Piton Canot Suite, all with their private pool with an exceptional view of the ocean and the surrounding mountains!

Newly built in 2023, 4 New Private Villas with their own pool. All units have a terrace and an open-air tropical shower!
